1. Introduction

The Library of the Swiss Institute for Art Research (SIK-ISEA) serves the purpose of specialised research, its principal focus being art history and Swiss art. Together with other academic libraries in Switzerland, SIK-ISEA's Library has entrusted the operation of its library management system and its user administration to the Swiss Library Service Platform SLSP. The inventory data for all participating libraries are documented in the SLSP portal *swisscovery*.

2. Rights and rules of use

The Library can be used by the staff of SIK-ISEA and anyone else with an interest in the subject matter. Use of the reference library is free of charge; borrowing is not permitted, with the following exceptions:

SIK-ISEA staff may remove documents from any of the collections by filling in a borrowing slip for each title. These borrowed books must remain within the Institute and available for consultation by other users.

Personal sets: Anyone wishing to work and conduct research in the Library for an extended period can request the provision of a set of books to consult on the premises. A borrowing slip must be filled in for each of these books, and the set must be kept on the rack designated for this purpose. These books must be available at all times for other interested parties to consult in the Library if requested.

3. Inter-library loans (ILL)

ILL borrowing: Documents required by SIK-ISEA staff in the course of their work but which cannot be provided at SIK-ISEA will be ordered from other institutions. The costs will be borne by the Library. No orders for loans will be placed for other individuals.

ILL lending: Copies of articles will be sent to other libraries upon request, as will books not available in any other Swiss library (solely for use in the reading room). No media and no copies or scans of articles will be sent directly to private individuals.

The Library provides reading and work spaces, a multifunction printer for photocopies and scans, and a book scanner.
